Testimonial

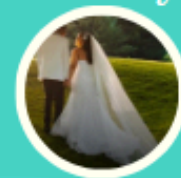

I hired Stephanie & her team to help with month-of coordination, venue setup, during-event coordination with my vendors, and the post-wedding venue breakdown. She was SO helpful with coordinating my vendors the month of (my videographer went missing 2 days before the wedding and she saved the day!). She met me at the venue the day before to walk-through where I wanted everything, and I left knowing she had it covered. She and another coordinator on her team kept us on-schedule during our wedding and kept things running so smoothly. She was there for advice every step of the way and helped me make decisions when I was tired of making them. Get the month-of/day-of coordinator as a gift to yourself, it's SO worth it. And I'd absolutely recommend hiring Stephanie and her team!

First and foremost, I want to thank Stephanie from the bottom of my heart! She was amazing! We hired Stephanie as our day of coordinator and we wouldn't have had it any other way! I did most of the planning myself and I needed someone the day of to make sure everything ran smoothly. From the moment I spoke with Stephanie, I felt confident that I made the right choice. She was personable, accessible, and extremely professional. The day finally arrived and I was actually extremely calm and knew everything would go smoothly. If there was any hiccups, I had no idea! She ensured all the vendors arrived on time and everything at the venue was going smoothly while I was getting ready. I was soooooo happy when I finally saw the reception area. She executed my vision beautifully! If you are looking for a planner or day of coordinator, Stephanie is your person!

Hi! So happy to meet you
team of bdday & hit

Hey friends! I'm Stephanie, owner and head planner!

Here at Just Hitched we make sure you and your love story shine through. We strive for those **"that's so them"** moments. What exactly is that you ask? Simple. It's taking you and your story and translating that into your design from florals and signage to the style of food you serve and the type of entertainment; we live to take the **little things** that make you **unique** and make them **shine**.

Unpopular opinion time: **you do NOT need to do something "just because it's a wedding"**. Don't want a wedding party? Want a super fast ceremony? Want to make sure you spend the most time with your person rather than taking photos and greeting every single person? **SAME!** We crave **unique spaces** that you can make completely yours. From barns to tents and everything in-between, we believe your dream venue, doesn't need to be a venue.

Here at Just Hitched we are a team of bada** dog moms working together to have your day go off without a hitch.

Who our process works best for:

- Couples who desire a wedding pro who truly **understands** their needs and most importantly **trust** throughout our time together.
- Couples who are looking to **break the mold** and traditions of weddings. (Nothing is too outside the box for us!)
- Couple who **prioritize** their relationship and want to showcase their **unique love** story.

- We **benchmark** the entire planning process to keep you on **track**
- You will **never** feel like you don't know what to do next

Stephanie and her team are truly incredible - we are so lucky to have hired her for the full service planning for our day. We had so many ideas and she was able to manage everything. Stephanie helped us select and hire our vendors, decorate our beautiful venue and was available when we had any questions. She truly cares about her couples and wants to make their dream a reality. We are very thankful and happy we hired Just Hitched Events!!
Would recommend a million times!

A wooden dock extends into a body of water at night. Several lit candles are placed along the edge of the dock, casting a warm glow. In the background, a wooden bench sits on the dock, and a large rock is visible on the right side. The water reflects the light from the candles and the bench.

and the biggest reason we are different:

We are adamant that **YOU** be the deciding factor in every element of your day. We love to bring your **unique love story** to life. We dive deep into what makes you, you and bring those elements into every piece of the day. We call them "**that's so them**" moments.

You love bright colors? We will turn your floral design into a rainbow wonderland. Obsessed with your fur-baby? Let's showcase them with a dessert bar named after them with a giant portrait of them as Willy Wonka. Family is super important to you? Let's make a literal family tree with photos of generations of loved ones. Ducks a part of your love story? Let's have an 6ft inflatable for photo ops. All of these are just some examples of how we made **unique design** elements out of the things our couples have loved.

Our goal: for everywhere you turn guests are saying "Oh my God that's so them!"
