Creating that's so them moments

Just Hitched

Event Services

Hi! So happy to meet you
new team of buddies & I!

Hey there! I'm Stephanie—owner, head planner, and chief chaos-tamer.

Here at [Just Hitched](#), we're a crew of bada** dog moms on a mission to **throw out** the traditional wedding rulebook and make sure your day goes off without a hitch. We live for those "that's SO them" moments. What does that mean? It means taking your **unique** love story and weaving it into every single **detail**—from statement florals and custom signage to late-night eats and the music that gets everyone on the floor.

Unpopular opinion: You don't have to do anything "just because it's a wedding."

- Want a 5-minute ceremony? Done.
- Skip the 12-person wedding party? Absolutely.
- Spend your evening actually hanging out with your favorite person instead of doing endless rounds of photos? We're all over it.

We thrive in non-traditional spaces—from ground-up tents to raw industrial spots. Because your dream venue doesn't even need to be a "venue."

No fluff. No stiff traditions. Just a day that's 100% you.

We're you kind of planner if...

- **You value real trust:** You want a wedding pro who truly gets you, your vision, and has your back.
- **You love breaking the mold:** Traditions? Optional. Bold ideas? Fully encouraged. If you can dream it, we'll make it happen —because honestly, nothing is too far outside the box for us.
- **Your love story leads the way:** You care about celebrating what *actually* makes you two you.
- **You refuse to do "cookie-cutter":** You're here for a day that makes your guests say, "That's so them."

We are built different

- We keep you on track with our **bench mark** planning process so you never feel like you don't know what to do next.
- We help you stay in complete creative control, making sure your vendors match up with not only your wedding **dreams** but you as **people**
- We understand the pressure to conform to traditions and do things "*just because it's a wedding*" Want to know a secret? We will **NEVER** tell you you **HAVE** to do something "*because it's a wedding*"

 Kymone & Kevin

First and foremost, I want to **thank** Stephanie from the bottom of my heart! From the moment I spoke with Stephanie, I felt **confident** that I made the right choice.

The day finally arrived and I was actually extremely **calm** and knew everything would go **smoothly**. If there was any **hiccups**, I had **no idea**! I was soooooo happy when I finally saw the reception area. She executed my **vision** beautifully! If you are looking for a planner Stephanie is your **person**!

It all comes down to this...

Our non-negotiable rule: YOU are the deciding factor in every single element of your day. Period.

We dive deep into who you actually are so we can build a day packed with what we call "that's SO them" moments.

- **Obsessed with bright colors?** Let's turn your floral design into a full-blown rainbow wonderland.
- **Madly in love with your dog?** Let's create a signature dessert bar with a giant portrait of them as Willy Wonka.
- **Dreaming of a wedding at your family's remote cabin?** We'll build the setup from the ground up and have you row into your dock ceremony.
- **Are ducks somehow a core part of your love story?** Say less. We'll get a 6-foot inflatable duck for photo ops.

(Fun fact: Every single one of those is a real thing we've pulled off for our couples.)

Our ultimate goal? For your guests to look around every corner of your wedding and say, "Oh my God... that is SO them!"
